

Visual Historical Source Analysis

Content

What is pictured or represented in the image?
How is the image organized? What is the focal point?
If there is text, what does it say?

Connections

How does this connect with what you already know?
Look back at the powerpoint notes from last Comp 2 lesson

Source Name and its location

Communications

How does the visual express bias or point of view?

Conclusions

Summarise what you have learnt from this source in 4 bullet points
Ensure this is not repeated information from above, and is
worded to show your understanding of the source
